

YourPlay

YourPlay gives you the power to track how much money and time you are spending as you play. You can also use YourPlay to set limits on the money and time you spend on gaming machines and to see your playing history online at any time.

YourPlay can be added to your loyalty membership card and used on any gaming machine in Victoria. You can register for YourPlay at yourplay.com.au or ask a staff member for assistance. It is voluntary and free to use.

You can choose to set a money limit or a time limit OR you can set both. The limits you set are private & based on your own circumstances & needs. Staff cannot suggest limits for you.

You can change your limits any time using the Kiosk in the venue or online. Limits can be daily or weekly. Daily limit starts at 6am each day & reset at 6am the next morning. Weekly limits start at 6am on a Monday morning & reset at 6am the following Monday.

If you change your limit AFTER you reach a set limit—you need to wait until the start of your chosen limit period (day or week) for the new limit to apply.

If you change your limit BEFORE you reach a set limit—an increased limit will not take effect for 24 hours or the start of the next limit period you have set, whichever is greater. A decreased limit will be effective immediately.

If you would prefer to simply track your play, you do not need to set a limit at all. YourPlay can track your play on gaming machines here & across Victoria. You get an activity statement listing your play information at the end of each financial year. You can always set limits later if you wish.

We have casual YourPlay cards available in the gaming area if you would like to try YourPlay without registering. All you do is pick up the card in the gaming room and use the PIN provided in the YourPlay brochure attached to the card. If after using your casual card you decide you would like to register for YourPlay then just ask the staff who can link it to your membership card.

When using YourPlay, the display panel on the gaming machine will keep you updated on the money and time you are spending along with warning messages when you get close to your limit. A reminder to stop playing will be sent when you reach your limit. Once this happens you can no longer receive loyalty points until your limit resets (next day or week). It is recommended that if you do choose to continue to play that you leave your card in the machine so that you continue to receive your play updates.

We are not liable to any person in any way for any malfunction or non-availability of YourPlay on any of the gaming machines at the Club

For further information about YourPlay or Rewards Xtra please ask the staff.
